Bonar Law remarked that owing to public opinion in France and Great Britain an agreement would be most difficult, if not impossible. M. De Lasteyrie, the French Finance Minister, who was with Fremler Polncare in the meeting said, extending his arms:

"England and Frence are as far apart as that."

CABINET SUMMONED

He immediately proceeded to Elysee Palace to consult with President Millerand, after which a Cabinet council was summoned to meet tomorrow morning.

The Beigian and Italian delegaic expressed dismay at the unyleiding positions taken up by Fremiers Bonar Law and Poincare, each with the support of their cabinets.

The French, British and Italian plans were laid before the council. The British and French are alike in fixing German reparations, at a total of \$6,000,000,000 gold marks and similar also in setting up a comprehensive financial control of Germany. They are in direct opposition on the question of penalties, France being for taking socialed productive guarantees in the Rinkelman of the Ruhr, while Great Britain would occupy German territories beyond the present zone only upon some future default and with the "unanimous" consent of the Allies.

Comprehensive Adjustment Committee Plan

Executive Action to Wait on Proposals

WASHINGTON, Jan 2 .- Whe he tariff commission finally orders

washington, Jan 2.—when the tariff commission finally orders formal investigations of complaints against duties of the Fordney-McCumber tariff law, entire schedules may be opened up to scrutiny instead of attention being confined to particular items.

Chairman Thomas O. Marvin of the commission favors proceeding on this plan. He takes the position that duties in the principal schedules are so related to other rates that if the modification of one is attempted others must be adjusted correspondingly. Hence he believes the commission properly should order an investigation of an entire schedule at a time.

Thus far the commission has received about 100 applications for action under the elastic provisions of the commission, the others being based upon a misapprehension of its powers.

XVII—THE ULTIMATUM

When there was complete certainty that the sea esparated M. Poincare and myself from Russia, and after all the murderous and maddened incitement aiready noted, the ultimatum was placed in the hands of the Serbian government, it is necessary to recail here its outrageous terms, written in blood not ink, which dishonor for all time both the German socomplices and the Austrian principal actors who had a part in this helinous crime against humanity. A cry of anger on the day after the murder; an unthinking popular manifestation; arresta, even unpustified ones; measures, even invalid that, when the truth came out, self-control returned.

But, in this case, twenty-five days were allowed to elapse! Were they, at least, utilized for making an investigation? Yes. What were its results?

Death of the noted thespian was
caused by pneumonia which developed from a cold contracted on
Christmas Day. Prior to December 25 Mr. Stevens had been in
excellent health, having recently
completed a tour of the country on
the Junior Orpheum circuit in an
original sketch, "The Fedora Hat."
Born and educated at San Francisco, Stevens attained fame in the
East when he appeared with Ethel
Barrymore, Henrietta Crossman
and other stage favorites. After
starring in "The Devil" for three
years in America he was sent to
London under the direction of
Augustin Daly. Later he appeared
for several years in support of
Francis Wilson in light operas.

Coming to Hollywood in 1916,
Mr. Stevens entered moving-ploture work and in the last six years
has played leading roles with many
of the brightest light of filmdom.
His latest work in this line was
with Norma Talmadge in a play
which is to be released next month.
Mr. Stevens leaves his widow,
Mrs. Louise W. Stevens, and two
adopted daughtera. Miss Tina
Stevens and Mrs. Warren Rogers,
all of Los Angeles.

Services will be conducted from
the undertaking parlors of Gates,

Lower Sugar Prices May be Expected Soon

Interest in Oatman Gold Camp Being Revived

Armour Issue Well Received; Dividends Announced

Buyers of sugar in large quanities should adopt a cautious policy with respect to commitments in the next few weeks as moderate price recessions may take place, eccording to an analysis of the Daily Trade Service. Although the statistical position of the industry is strong, the advance in price during 1922 was considerable, and it appears now that the beginning of a slight downward tendency is imminent.

tendency is imminent.
Raw sugar spot quotations touched a new high for the past year at 4 cents, reflecting the year end shortage and the practical exhaustion of Cuba's 1921-22 crop. Subsequently, quotations reacted about 20 to 25 points. Cuban raws are quoted now around 3 3-4 cents on a cost and freight basis, and refiners have dropped the price of rafined granulated from 7 1-4 to 7 cents.

The Los Angeles Chamber of Commerce is an organization composed of a membership of 9165 members and has been in existence since 1888. It is a nonprofit organization composed of indivi-

duals and companies interested in furthering the development of Southern California.

The Los Angeles Chamber of Commerce Building Corporation will own and operate the new building as a subsidiary of the Los Angeles Chamber of Commerce.

The property owned by this corporation extends from Broadway to Hill Streets north 225 feet from Twelfth Street. On this site will be constructed a Class "A," 8-story and basement buildi cost not less than \$2,250,000.

This issue of \$500,000 Ten Year 7% Secured Gold Bonds is secured by property equity unting to \$1,750,000, being subject to an issue of \$2,000,000 First Mortgage bonds on property with total estimated conservative value of \$3,750,000.

Annual revenue from this property, at conservative estimate by leading Los Angeles realtors, shows, at present rental values, \$247,100 after deducting all expenses. From this net income the total interest charges to be deducted amount to \$182,200. This income has been figured on a most conservative basis with expenses very liberal. Unquestionably these figures will be very materially increased by the time of the building's completion, and a conservative estimate at that time should be

T was in Venice in the Twelfth Century I that the bond business had its beginning. The Island City-Republic had emptied her treasuries in a costly naval war.

More ships were needed—sailors must be paid. The republican government forced the wealthiest citizens to buy bonds bearing interest at 4%. In this manner 16,360 lire (about \$71,984) was raised with which the war was continued.

Later a second loan was made in the same manner. The Venetian Government offered its revenue from the sale of salt, which was a government monopoly, as security.

Then, as now, bonds were used as builders of nations and of business.

NEW YORK STOCK EXCHANGE NEW YORK CURB CLOSE

NEW YORK, Jan. 1.-Opening prices in today's stock market, the first of the new year, were higher but thereafter profit taking and short selling caused some irregu-

short selling caused some irregularity with gains outnumbering losses at the closs. Higher quotations for foreign remittances, easier time-money rates and a slight reaction in wheat and grain prices, after an early display of strength, were the ether features of the day's financial and commodity markets.

Special buying operations in individual stocks were evident by the brisk manner in which certain issues were pushed up, the market displaying more activity on the railies than it did on the breaks. Studebaker was one of the early risers, being pushed up 2 points to 119, but forfeiting all but three-fourths of its gain on realizing sales. Baidwin touched 139%, but dropped back 2 points for a small fractional loss at the closs. United States Steel also closed fractionally lower after having risen nearly a point above Saturday's final quotation.

Another increase in crude off

lower after having risen nearly a point above Saturday's final quotation.

Another increase in crude off prices over the holiday resulted in some good buying in the oil group. Associated Oil Jumping 4 ½ points; Standard Oil of California, 17-8, and Pacific Oil, 1½; California Petroleum dropped more than a point and Cosden, after breaking through last year's high to 54%, dropped back to 53 7-8, where it was off 1-8 on the day.

Speculative expectations of another big year in the automobile industry were reflected in the activity of motor and accessory shares, Chandler, Packard, Pierce-Arrow, Willys-Overland and General Moters moving to slightly higher ground with Stewart Warner, Keisey Wheel and Stromberg. Fisher Body broke nearly 3 points to 202, and Bosch Magneto yielded a point. Tire and rubber and stocks were inclined to heaviness, Kelly-Springfield dropping nearly 2 points and Goodrich. United States Rubber and Ajax yielding fractionally. Fisk Rubber showed slight improvement.

Some of the outstanding individual strong spots were American Car, American Radiator, Jewel Tea preferred, Mathleson Alkali, Republic Steel, Timken Roller Bearing, Reynolds Springs, Tobacco Products preferred and United States Realty common and preferred, all up 2 ½ to mearly 4 points, Mexican Petroleum up 4 and Nash Motors up 10 1-4. Among the few issues to register large net losses were Nickel Plate second preferred, off 5 points and Tidewater Oil off 4 ½.

Shifting of funds incidental to year-end dividend and interest requirements resulted in an opening and renewal rate of 5 ½ per cent for call money, which eased off to 5 before the close. Lowering of time-money rates from 8 to 4 3-4 per cent for the longer maturities was in expectation of an early and heavy return of funds with-drawn for January interest and dividend payments.

Improvement in the principal Allied exchanges was construed.

Louisiana Celotex Company

First Mortgage Seven Per Cent Bonds

The Celotex Companies are engaged in the manufacture and sale of building, box and insulating materials from the refuse fibre of sugar cane. This product has a wide diversity of uses. As an example of the growing demand for CELOTEX products, a certain Railroad has specified CELOTEX for all new refrigerator cars; the largest engineering company in the country uses CELOTEX for roofs on all new buildings being constructed and has recently used a half-million feet for one building alone. Also the Celotex Company recently contracted with automobile manufacturers for five million board feet of CELOTEX for automobile tops. The above represents only a small portion of the tremendous demand for CELOTEX. During the year 1922 the Company has expanded the various uses for its product to a point where the capacity of the mill is inadequate to meet the need of its customers and plans are now under way to increase the output three-fold. We recommend these bonds for conservative investment.

No Valid Reason for Present Low Price

When a security sells for a price lower than is consistent with the real strength of the Company behind it, the depression may reasonably be

regarded as merely temporary, and an advance in value may logically be expected. Possibilities of profit without sacrifice of safety are offered to those investing in such bonds, of which this issue is offered as example:

Los Angeles Railway Company

First Mortgage 5% Bonds, Due 1938 In 1906 these bonds sold at $120\frac{1}{4}$, and at no time during the succeeding eight years did they sell below $104\frac{2}{4}$. During war in Europe the price declined, but only in line with decreases in the quotations for other high grade securities.

In 1912, when the bonds were selling at between 108% and 106, the earnings were \$1,977.261 net to pay all unded debt, interest and taxes amounting to \$1,401.816. Since in 1921 the net earnings were \$2,008.434 applicable to interest and taxes amounting to \$1.788.005, it does not seem that a change in the earning power of the Corporation can be considered as the reason why the bonds should sell at the present low figure.

The price of these bonds, together with additional information

regarding their strength, will be furnished on request.

Boy Stopped on Way to Mother. Resumes Trip

Donald Woodill II yesterday

resumed an interrupted journey to his mother's bedside in Los Angelea, when his aunt, Mrs. Russ Meadows of New York and Chicago, was released in a Louisville (Ky.) polices court where a charge of 'kidnaping had been made against her, dispatches from that city said.

Mrs. Meadows was accused of taking the lad from a Louisville hotel Monday night to a railway station at Cynthiana, Ky., thirty miles away, where she was arrested on a warrant sworn out by Russ Meadows, her estranged husband. Mrs. Meadows told tha court the boy's mother was dying and she was taking him to her.

Film Star Cured of Drug Evil

Film Actresses Sought Relief From Dope; Juanita Hansen No Longer Victim

All records pertaining to treatment of patients and to handling of narcotics at the Barker Sanatorium, 145 North Gates street, were seized yesterday by State and Federal narcotic agents who were tracing the local activities of Dr. John Scott Barker, arrested in Oakland Tuesday, on a charge of having sold drugs to a woman at a place which he operated in the north under the pretense that it was a hospital for the cure

of drug addicts.

Great aheaves of correspondence, records of patients, letters from Dr. Barker to Dr. Charles Blessing, who was manager of the North Gates-street sanatorium, and other documents were sejzed and are now being carefully examined. Meanwhile, Dr. Blessing, who is said to have left here Saturday for Oakland, is being sought by the authorities, who want to question him concerning the connection. If any, between the sanatorium here and that at Oakland.

The records and letters found here yesterday reveal details of the fight against drugs made by Wallace Reid, and also reveal the wallace Reid, and also reveal the wallace from the narcotic habits and loss of the craving for drugs, according to the star's mother, while Wallace, after two week's of confinement was turned out "almost a wreck."

TREATMENT RECORDS

TREATMENT RECORDS

The records of those who served in the local institution operated by "Dr." John Scott Barker, under the local management of Charles B. Blessing, at 145 North Gates street, revealed the chart kept of Wallace Reid's treatment. According to the record, Mr. Reid was admitted to the sanatorium on October 19, upon the recommendation of Juanita Hansen. His age was given as 31 years, his birth-place Missouri, his height six feet two Inches, his weight 156 pounds against a normal weight of 190 pounds. At the time he was admitted to the Gates-street sanatorium, according to the record, he had been addicted to morphine, using from three to six grains per day for a period of two years. His general health had been fair, but at the time of confinement it was recorded as very poor.

These were but a few of the points contained in a lengthy statement was left of the points contained in a lengthy statement issued yesterday by the church Federation of Los Angeles relative to Arbuckle's proposed return to the motion-picture screen. The statement was signed by Dr. Hugh K. Walker, president of the federation, and Dr. J. A. The federation was not the only agency which entered into yesterday's revival of the Arbuckle controversy. The Southwest Chamber of Commerce entered its protest with the City Council, asking that Mayor Cryer and the City Council prevent the exhibition of Arbuckle's film productions in Los Angeles.

"Apparently there is nothing we can do about it," said Councilman Allan, as he tucked the protest into a pigeon-hole.

Recently there has been a new wave of drastic physics. Calcomel, a mercurial that salivates and loosens teeth, has been revived; salt waters and powders that draw needed constituents from the blood; coal tar disquised in candy form that causes akin cruptions. relief in this particular ailment are unchanged.

But the people take greater interest today in their health, in diet, exercise and the drinking of water. Constipation, however, will occur from time to time no matter how one tries to avoid it. Of next importance, then, is how to treat it when it comes. I believe in getting as close to nature as possible, hence my remedy for constipation, known as Dr. Caldwell's Syrup Pepsin, is a raild vegetable compound. It is made of Egyptian semma and pepsin with agreeable aromatics. Children will not willingly take hitter things. Syrup Pepsin is pleasanttasting, and youngsters love it. It does not gripe. Thousands of mothers have written me to that effect.

Over 10 million bottles of Dr. Caldwell's Syrup Pepsin are now sold every year, and it is the most widely bought family laxative in the world. I say family laxative in the world. I say family laxative because all in the family can use it with eafety. It is mild enough for the infant in arms, effective in the most chronic constipation.

John Black, seaman, the fourth asserted member of the gang, was taken from the U.S.S. Taxas yesterday by Detective Sergt. Gibson. Three other men. Blasco Lewis, Joseph Robinson and Arthur Simpson are in jail awaiting hearings. According to the police, the gang has committed seven robberies in the last ten days. On December 21, they are asserted to have held up W. M. Eidelson, a druggist of 2201 East Fourth street, taking \$150. The following day they are said to have committed two more hold-ups, with other crimes up to the time of their arrest.

Detective Sergts. Rico, Byrd and Gibson, who arrested the two women at 1137 South Maple street, and also arrested Robinson. Simpson and Lewis, declare the hold-up gang operated from a stolen automobile. Robinsen is said to be absent from the Navy without leave.

Falling Timber Kills Worker at Oil Fields

the top of ap-oil derrick in the Fullerton field iast night crushed Fullerton field last night crushed out the life of John Ahern, and probably fatally injured Lloyd Sharp, both employed on the lease of the Amalgamated Oil Company. Ahern and Sharp were working on the ground assisting in making repairs to a derrick. The timber had been raised to the ton of the tower and was being held in place by two workmen. One of the men loosened his hold, and the weight of the timber was too much for the other to sustain. It fell more than 100 feet crushing Ahern beneath it and striking Sharp on the head. The injured man was taken to the Fullerton general hospital and the body of Ahern was removed to the McAulay undertaking establishment at Fullerton. An inquest will be held at 11 a.m. today. Sharp 23 years of age, is a resident of Fullerton and unmarried Ahern lived in Anahelm, was 35 years of age and the father of a family.

The leaders argue that the people should have the right to pass any law that seems good to them and that there should be no interference from the courts.

But the day such a law went into effect the Constitution would be abolished. If a Southern State voted to disfranchise colored voters there would be no appeal to the Supreme Court; for to annul the right of the courts to pass upon legislation would bar the Supreme Court from interference.

THE MARRIAGE LAW WE NEXED

A Los Angeles woman is suing for divorce, alleging that she hasn't seen her rushand smile in fifteen years.

This seems to wreck the theory that we like what we get used to. The husband certainly seems to have done his best to accessom his wife to a smileless spouse. One can but wonder if he is smiling now. Yet, even if he is, one's sympathies, from superficial knowledge of the facts, must be with the woman. In hovels women may dearly love men who are always stern faced, but in real life it must be mighty hard to live with a sparring partner who cannet summers up at least one little gris.

There's a 'lot of talk now about better marriage law, suggestes, physical examinations and all that sort of thing. Such good-humored tolerance on the part of the government took all the force out of the opposition. The Labor members evidently expected to be rebuked, to be expelled from the House; and they were ready to carry their appeal to the radical groups throughout the country.

But a government that could not be prodded out of its poise was secure. There are ullences more impressive than the wildest outbursts of passionate denunciation. They carry with them a sense of security that gives to the attacker a look like a flivver colliding with a truck.

Under such conditions a signi explosion might occasion a serious configuration. The British are sufficiently sore over an account of \$15,000,000 for supplies sold to the French government after the amiestics. The sum represents British material in French ports.

The French promptly sold the material to private purchasers at an advance of \$3,000,000 But nothing was paid to England. The came a French protest that the purchase price had been excessive. The British government asceed it a reduction of \$3,000,000 on the claim; but still nothing has been paid.

Search for the escaped murderess was at a standstill yesterday, although officials announced they believed Mrs. Phillips may have concealed herself in a cabin in Beverly Glen for a few days after her escape. It was found, according to deputy sheriffs, that Armour Phillips, husband of the "hammer slayer," had purchased food at a nearby lunch stand several nights after his wife's escape, and that another man had called for the food later. His identity has not been ascertained. Phillips was not questioned concerning the matter, according to Undersheriff Biscalius.

Here are new ways to enjoy this bracing dring

YOU who have already enjoyed Ko-Fan as a bubbling, sparkling, carbonated drink can now look forward to new delights,

And you who have not yet tasted this fascinating new beverage have additional reasons for enjoying it NOW.

Try Ko-Fan today -as a carbonated drink, straight, or with a dash of lemon, lime or other fountain flavor. Try it hot or cold. Try it in an Ice Cream Soda, a Malted Milk, a Parfait, a Frappe, a Milk Spray, a Sundae.

Notice the added zest and flavor it imparts. However served, Ko-Fan provides all the essentials of an ideal drink. It blends perfectly. It is bracing and wholesome.

Ingredients from the Tropics and Far East give it the invigorating qualities required by hard-working, hard-playing Americans. It furnishes needed stimulus to lagging brain and tired nerves. It drives away mental and physical fatigue.

Always the flavor is tantalizing. More than a dozen foods and flavors, scientifically blended, make it distinctive. "You'll like it."

Ask your soda fountain man ~ ~ ~ He knows

Here is a man, expert in mixing drinks. He knows his business, just as a banker or lawyer does. His whole effort is devoted to making drinks and dishes to please your palate. The American public spends millions of dollars every year for the good things he dispenses. His is an important job.

Ko-Fan is welcomed by the soda man because it enables him to make new, attractive drinks and dishes - drinks so distinctive that he can build a reputation on their excellence.

He knows just the exact proportion of Ko-Fan necessary to bring out all its entrancing flavor. -He mixes it carefully and serves it carefully because he wants you to enjoy it. He is continually evolving new Ko-Fan combinations for your enjoyment.

> Ask your soda fountain man about Ko-Fan. As a specialist in drinks he will tell you it is unique and satisfying. He'll tell you "You'll like it." And he will serve it with all the pride of an expert who knows his business.

considerable extent.

Every score having any possible bearing on the New Year's game,
as frequently pointed out in this column, indicated a victory for U.S.C.,
but by a larger count than seemed conceivable. In other words, the

This shoot will call for 100 targets at sixteen yards, the high gun to take the choice of the provisions. Every shooter who goes through the century program, however, will be awarded a slab of bacon. The entrant price of the tournament will be for the targets only—3 cents each.

Following the ham-and-bacon event, a ten-man team race between Vernon and Uplands will be put on. Each man will shoot at fifty targets, from sixteen yards, a useful take trophy will go to each member of the winning team.

A splendid season's program has been mapped out. Commencing on Sunday, February 4, and on every first Sunday of each month thereafter during 1923, Vernon will hold a one-day registered club shoot at 200 targets at sixteen yards, fifty handicap and twenty-five pairs of doubles.

Also during the year four registered toursaments will be held, the first starding on February 23, when the third annual midwinter handicap is put on. The midwinter affair will run for five days.

he came, back

THERE were a lot of men who bought Certified Studebaker Sixes last year who came back—but it was to bring their friends whom they had advised to come and do likewise.

Our customers of the Used Car Department have brought us a lot of the increased business that we have enjoyed. Without satisfying them it would have been impossible to have sold and delivered over 1800 used cars during 1922 from a single salesroom.

The values shown in Certified Sixes at the low prices asked have attracted the buyers. No wonder-a Light Six Studebaker guaranteed with Hoffman service can be bought for less than \$800 and a Special Six, Certified, for little more than \$1000.

In the Big Six Certified models even greater values are offered with quick sales of the few we are able to get.

We ask you to compare a Certified Studebaker Six with any car selling at a like price, either new or used. We will leave it to you.

Exchange your 1918 War Savings Stamps for Treasury Savings Certificates

Sound investment and constant reinvestment! That's the secret of success.

Your 1918 War Savings Stamps become due January 1, 1923. Reinvest this money in Treasury Savings Certificates — one of the safest investments in the world today. Until January 15, 1923, you can do this as of January 1, 1923, without loss of interest.

> How 1918 War Savings Stamps may be exchanged

Take your War Savings Stamps to your post office or bank.

If you have \$25 in War Savings Stamps

you can now obtain a \$25 Treasury Savings Certificate and \$4.50 in cash.

If you have \$100 in War Savings Stamps you can now obtain a \$100 Treasury Savings Certificate and \$18 in

If you have \$1000 in War Savings Stamps you can now obtain a \$1000 Treasury Savings Certificate and two \$100 Treasury Savings Certificates and \$16 in cash.

These examples show what you can get with your War Savings Stamps. You can make similar exchanges in other amounts.

Some advantages in owning Treasury Savings Certificates

- A Backed by the credit or the United States Government, Treasury Savings Certificates are one of the soundest investments in the world today.
- 2 Issued in denominations within the reach of all. A \$25 Certificate costs you only \$20.50, a \$100 Certificate \$82, a \$1000 Certificate \$820.
- 3 Each member of the family may buy up to \$5000 maturity value of any one series.
- 4 At present prices Treasury Savings Certificates earn 4 per cent per year, compounded semi-annually, if held to maturity. Each certificate matures five years from date of issue.
- 5 If cashed before maturity you receive 3 per cent simple interest,

TREASURY DEPARTMENT, WASHINGTON, D. C.

6 The certificates are exempt from normal Federal Income Tax, and from all State and local taxation (except estate and inheritance taxes).

TO FINISH TERM

The resignation becomes effective January 8, at the close of Mr. Berger's present term.

The graft quita conducted for nearly three months, did not implicate Auditor Berger. The late J. Ira Cole, deputy auditor, embessied the county funds, it is charged, in a series of thefts accomplished through forged receipts to tax redemption certificates. Mr. Berger's asserted inefficiency was scored in the grand jury's report. The graft inquiry was the most startling in the history of Shn Bernardino county. On the eve of its instigation Deputy Auditor Cole killed himself.

For weeks Auditor Berger stood by while accountants checked the shoriages. Mr. Berger was re-elected to the office in August, three weeks before the graft inquiry began.

ACTORS AFTER SHORTER WEEK

A plan to insure a standard forty-eight-hour week for motionpleture actors soon is to be proposed by the Actors' Equity Association, with headquarters in New York City, it was learned yesterday from friends of John Emerson, president of the association, who is in Los Angeles studying conditions in the local studios. Upon Mr. Emerson's return to New York the equity probably will submit the plan to Will Hara, motion-picture czar, whose approval is necessary before further steps may be taken. The plan is said to be under discussion by thirty members of the council of the Actors' Equity Association, who began a series of special conferences on the subject yesterday. Rumors of a proposed strike, in case the plan is rejected, were defined at the equity headquarters yesterday. It is said that the limitations will apply only to the work of the principal players.

a judgment had been given in favor of H. A. Longacra.

The Small Claims Court law provides for mailing a summons by registered mail to the address given in the complainant's affidavit, but does not require production of the return receipt in court. It also makes no provision for jury trials. On these grounds, Dr. Foster's lawyers argued, the law is unconstitutional. Judge York continued the case to look up the law. There is no decision, it is said, upholding the Small Claims Court.

make personal appearance at Pantages Theater next week as an added attraction to the local premiere showing of "The Forgotten Law" in which she plays a principal role, is said to be the youngest film artist in the world to offer a complete professional vaudeville act as her manner of making personal appearances. Nor is it an experiment with her, for she is very experienced having scored hits in such cities as San Francisco and Oakland.

In the course of a twelve-minute stay before the audience little Miss Dana sings two verses and three choruses of a parody on a popular song, she does a fast buck-and-wing dance in which she introduces nearly a dozen different steps and delivers a monologue calculated to "make 'em laugh." putting it in the vernacular of the showman. While she is said to sing in a most ingratiating way, her main forte is dancing at which she is remarkably adept. She knows and can execute thirty-four different steps, both classic and clog.

BURBANK PUTS ON FASCINATING SHOW

The HI Jinks musical-comedy empany at the Burbank Theater ushered in the new year with "Spices of 1923," forecasting in a frame of most picturesque and gorgeous spectacle the events of the coming twelve months, which in the minds of these funsters are to occupy the spotlight of public attention.

Whether or not they have guessed correctly remains to be seen, but at any rate they are providing many minutes of pure and undiluted joy. Much of this is due to the efforts of Lee ("Bud") Harrison, who has never provided more laughter and entertainment than in this new piece. Others to more taughter and entertainment than in this new piece. Others in the cast, George Clark, Dolly Daye, Ben Dix, Mae McCrea, Walter Van, George Krump, Kenneth Kemper, are equally deserving of praise. HEADS NEW CONCERN

D. WILLIAMS FORMS RITZ-CARLTON PRODUCTIONS

By Grace Kingsley J. D. Williams, former manager of the Associated First National, is to head a company known as the Ritz-Carlton Pictures, Inc., according to his statement of yesterday.

ing to his statement of yesterday. The concern is to be a releasing and distributing organization, and will have its headquarters here.

No production business is to be undertaken, according to Mr. Williams; but stars, directors and independent companies are to be lined up for release.

There are many guesses rife as to who these stars and directors will be. Mr. Williams says he expects to have an announcement to make within a short time. That it will be a sensational and important one, there can be no doubt, as Williams is one of the big figures in the game.

Rumor has been persistently connecting the names of Norma Talmadge, Constance Talmadge and Buster Keaton with the organization, but so far nothing is decided.

On the other hand it is pointed out by those on the inside that Metro may have a strong claim on these three stars, due to the fact that Norma Talmadge's husband is Joe Schenck, who is closely associated with Marcus Loew, Metro's Joe Schenck, who is closely as-clated with Marcus Loew, Metro's

JANE NOVAK STARTS

WORK ON NEW STORY Following a nice vacation of sev-

Following a nice vacation of several weeks, Jane Novak expects to start work the latter part of this week on a new picture, the story of which was written by Arthur Pennison. Chester Bennet will direct. For the first time in her screen career, Miss Novak is to dress up in the production! Usually, you know, Miss Novak wears pink gingham gowns, and sunbonnets, but she isn't to allowed to save on wardrobe in this one! The story is a modern society tale.

The name of the story and cast are not yet selected. Richard Headrick, however, is hamed for a small role.

"Thelma," Miss Novak's latest picture, will be released at Loew's CLARENCE BADGER WILL State.

Them Was Harsh Words While talking of automobiles, somebody asked Louise Fazenda, the other day, what kind of a car the other day, what allow of the hers was.

"Box!" responded Miss Fazenda promptly, seemingly not caring whether she libelled her good old Buick 1918 or not.

RAPID RISE TO FAME

A girl who has been in pictures less than a year playing the feminine "lead" in a great feature production?

Yos. Things like this can, and still do, happen in motion pictures, though less often than formerly—and always for a good reason.

When Eleanor Boardman was estimated for the role of Remember Steddon in Rupert Hughes's film version of his novel "Souis For Saie," it was simply a continuation of a process of selection begun a year before, in New York, when Robert B. Mointye, Goldwyn casting director, picked Miss Boardman from more than 2000 candidates as an ideal film type, and arranged for her to come to Los Angeles and have a trial in a great great motion of "Yonity Fair," Mr. Hughes decided to give her her great great motional opportunity in the rare exception. When she fell under the practiced eye of Mr. Miss Boardman is the rare exception. When she fell under the practiced eye of Mr. Miss Boardman is seen in an exacting role of "The Strangers' Banquet," Marshall Nellan's great motional opportunity in Strangers' Banquet," Marshall Nellan's great motional opportunity in Strangers' Banquet," Marshall Nellan's great picture.

Bessie Clayton, the premier danseuse, who has been thr. lling audiences at Loew's State during the past fortnight, is offering a new dance revue this week in connection with the showing of Laurette Taylor in "Peg O' My Heart." The cyclonic dancer is assisted by Albert and Adelaide Gloria. James of Clemons and Ernest Belcher's eight future Bessie Claytons.

The board referred the bids to its engineer for examination and recommendation and is expected to award the contract Monday. The moving of the building is one of the largest Jobs of this kind ever undertaken in the West. The country expects to lease the hotel after it is in its new location.
